

Dear AMLI Members,

Greetings. I am honored to be your new president. AMLI is a great organization and I am thrilled to be part of the leadership team. We have a great group of committee members who have volunteered to take care of this organization and I am beholden to them and I look forward to working with each and every one of our members.

We have exciting new ventures planned for AMLI. One program is regarding mentorship which will be led by our own Barbara Dietrich, we will canvass the organization for mentors and then pair them off with mentees who are new to the profession and let them learn from one on one interactions. The other exciting initiative is a list-serve that we are trying to launch for our organization. Kevin, Eric and Sara are spearheading this project.

We will continue on the path to progress in the footsteps of Vijaya's great leadership over the past two years. She has done an excellent job leading this organization and we will continue building our great relationships with other organizations like AACC, CAP, ASCP, FOCUS, ICCS and CIS.

As you have heard the 2020 meeting in Austin Texas will be a three day meeting but will continue to have 5 sessions of educational content. The scientific affairs committee has already met once, and an exciting list of topics is being investigated. Very soon we will have a list of the topics and speakers finalized.

Please visit our revamped web site (many thanks to Jeff for his efforts) to keep abreast of all that is going on and take advantage of all the educational material that is saved there for you.

Thanks again to Vijaya and Maggie and all the superb committee members for their enthusiasm and collaboration. We look forward to another great year for AMLI.

Sincerely,

A handwritten signature in black ink that reads "Qasim Ansari" with a stylized flourish at the end.

Qasim Ansari  
AMLI President
